Hi David!

I am writing to request a meeting with the Councilman and McDonald's regarding the proposal to increase the city-wide minimum wage. On our end, we would bring several owner/operators from the City and his district, as well as the Western Division Government Relations Director for McDonald's.

We would like to discuss the impact to the company as well as offer some solutions to mitigate the impact. Is he available to meet with us sometime in January? Many thanks for your consideration!

Veronica
